UW Stout

Bachelors of Fine Arts
Graphic Design

KEY SKILLS

Market Research

Ability to understand the brand identity, systems, and clientele to research new avenues and apply them.

Market Awareness

Ability to understand cultural trends and apply them to a design in a new and interesting way.

Visualization

Ability to apply research, market trends, and a contemporary perspective to a design while maintaining brand consistency.

Design Construction

Ability to create with research and inspiration behind a design, in addition to having a visionary instinct for client needs. Also, setting a high standard for completion to produce a finished and polished design.
